

Homework Three

Technology

You are required to source 5 sfx sounds that you can use for your film clip. One of these must be a sound that you have recorded (a Foley).

For each sfx sound you must name the sound, list the source and name the clip.

e.g.

Sound	Source	Name
Bird Chirping	Free Sfx.co.uk /sfx/bird+chirping	Bird Shop Interior Various Small Birds Chirping

Remember you can obtain sounds from a range of different sources, such as websites, (e.g. YouTube, Glow Technology or Free Sfx.co.uk) and your own recordings.

As part of your homework you are required to hand in the audio for each of the sound clips. Below is a list of how you can hand in your Audio.

- USB pen
- Up load onto the S3 Technology Glow Group
- Email
- Audio CD

					Sound
					Source
					Name
