You have been asked to research **the causes of cholera**. Choose a website and evaluate it using the checklist below.

WEBSITE EVALUATION CHECKLIST

Name of website:

Website Address (URL):

Website reviewed by:

Date site visited:

Question	Comment
Who is the author of the website?	
Is the information accurate?	
Is the information up-to-date? Does it matter?	
What is the writer's purpose?	
Is the information relevant to your topic?	
Are the illustrations useful?	
Is the information easy to understand?	
Is the website easy to use?	
Does the website look interesting?	
Is the information more easily found elsewhere, e.g. books or CD-ROMs?	

How much will this website help you with YOUR work?

Useless – don't bother

Could use it if I can't find anything better

I could use quite a bit of this

Brilliant – just right for my research
